

1. The structure is a long, narrow, rectangular box with a flat top and a flat bottom. It is divided into three main sections by two vertical bulkheads. The sections are labeled A, B, and C from left to right. Section A is the largest and contains the main structure. Section B is a smaller section in the middle. Section C is the smallest section on the right. The structure is supported by a series of longitudinal ribs. The ribs are labeled with letters from A to H. The structure is shown in a perspective view.
