

Fastest-Moving Men In Canada

They Get Under Way at 1,000 M.P.H.

Each one of these Canadian Pilots has test flown the finest achievement of the Canadian Aviation Industry — the supersonic Avro Arrow. Checking the aircraft's cockpit in which they have individually taken their place to speed far beyond the pace of sound are, left to right: Spud Potocki, Chief Experimental Test Pilot, Avro; Peter Cope, Experimental Test Pilot, Avro; F/L Jack Woodman, Central Experimental and Proving Establishment Test Pilot, RCAF, based at Avro for acceptance trials on the Arrow; and Jan Zurakowski, Chief Development Pilot, Avro.
