ACHIEVEMENT

DOWTY'S specialized knowledge and high concentration over fifteen years in Canada, are the essence of ACHIEVEMENT in aircraft hydraulics and undercarriage pioneering. This invaluable EXPERIENCE means understanding of current CHALLENGES and assures even greater ACHIEVEMENTS.

DOWTY is ALERT to all modern concepts in hydraulics and undercarriages and a SELF-CONTAINED organization in Canada tackles each project through a balanced RESEARCH, DESIGN, DEVELOPMENT and MANUFACTURING team. And long after the main engineering and production stages, vital field SERVICE and REPAIR facilities are provided for all DOWTY products.

This is what ACHIEVEMENT means to DOWTY.
