TO ALL SPECIAL PROJECTS GROUP PERSONNEL

RE: Requests for Illustrative Work

Certain criticism has been received from the Illustrating section of Sales and Service, to the extent that they are receiving too many instructions from too many different sources within Special Projects Group to do various items of illustrative work.

In future, work will only be carried out on receipt of a special requisition obtained from Mr. Johnston, and signed by either Mr. Moody, Mr. Earl, or myself.

J.C.M. Frost  
Chief Design Engineer.
