

how much  
do you pay  
for  
engine service?

too much...or too little?

At Dallas Airmotive, the price you pay is for reliable engine overhaul. Once an engine has been disassembled at Dallas Airmotive, every minute part is carefully checked. If the part requires overhaul, then Dallas Airmotive's technicians rework the part. If the part is not suitable for reworking, then a new, guaranteed part is used in its place.

The price of good engine performance is never too much or too little. At Dallas Airmotive, the price is right and the product is a reliable, trustworthy engine.
