The above is your total lost time record through lateness and absenteeism for the period 1 January 1958 to 3 October 1958.

The total for the Group for the same period amounts to 308 man-days. This of course is too great a loss in time and money for a Project as vital as ours.

It is therefore expected that all Special Projects Group employees from now on will make every conceivable endeavour to improve their attendance record and thereby contribute more fully towards the success of our Project.
