AVRO AIRCRAFT LIMITED
INTER-DEPARTMENTAL MEMORANDUM

DATE July 14, 1960
TO All Members of Aerodynamics and Stress
FROM Messrs. D.C. Whittley and H.N. Shoji
SUBJECT LIBRARY REPORTS

Most of you are aware that since February 20, 1959 the library has been understaffed and now there is a back-log of valuable information which is not readily available to us. Some effort is being made to rectify this situation by selection of the most interesting reports and lists of new reports which have been filed will soon be published and issued to the section leaders.

While this effort is being made the daily work of the library must go on and it would be much appreciated if requests for return of reports are dealt with promptly. Please return these lists to the library with notation against each item such as "returned herewith", "please renew" etc.
