Inter-Departmental Memorandum

Ref: 9328/09/J
Date: May 23, 1958
To: S. E. Harper
From: T. Roberts
Subject: AMMENDMENT TO R.F.T. NO. 5054, ENERGY ABSORBED BY LANDING GEAR
DURING LANDING

With reference to paragraph 2.1.1 of the original R.F.T. it will not be necessary to make an individual recording of all thirty six strain gauge readings. The ~~six~~ gauges at each of six sections may be averaged and only these resultant mean values recorded on the oscillograph.
