ONE CANADA • Memoirs of the Right Honourable
John G. Diefenbaker • Volume III • The Tumultuous Years 1962–1967

**Over 100,000
copies of Volumes
I and II sold in
Canada**

What is the Diefenbaker magic? Why do thousands of Canadians applaud and cheer and surround John Diefenbaker with affection wherever he goes?

John Diefenbaker has been opposed, attacked, vilified by a few, but to most Canadians he is known and respected as a wit, raconteur, author, lawyer, politician, statesman. And above all as one Canadian dedicated to One Canada.

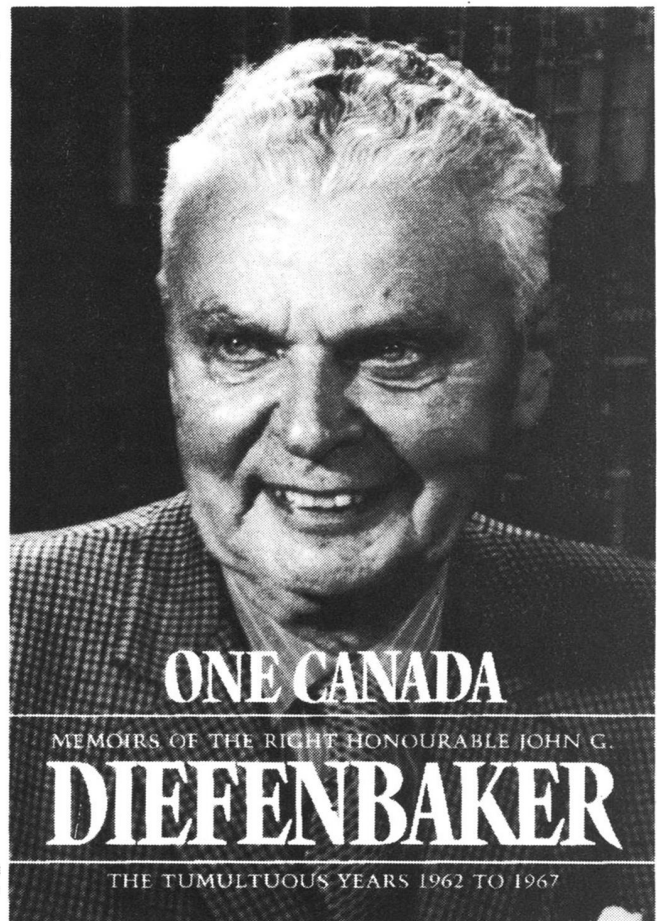

Now in *The Tumultuous Years* John Diefenbaker tells the inside story of:

- the Cuban missile crisis
- the story behind the Avro Arrow
- the Banks, Rivard, Spencer and Munsinger scandals
- the Dorion enquiry
- the United States interference in the 1963 election
- conspiracies within the Conservative party
- and much more

Historians will consider John Diefenbaker to have been one of the great politicians of our era. Though the media and a handful of ambitious politicians may have doubted it, his "fellow Canadians" never did.
