

exploring  
the  
**FRONTIERS  
OF  
TOMORROW**

In the fascinating field of electronics — it's tomorrow that counts. The drawing boards of RCA Victor engineers reflect tomorrow's advances in Defence Electronic Systems technology. One example of their work: the integrated electronic system to be used in Canada's first supersonic plane — the Avro Arrow.

The search for the talent so necessary for work of this nature will never end. Perhaps you — or someone you know — is an engineer who would like to work with RCA Victor — and meet its creative challenges in this stimulating field. If so, simply contact Dr. J. J. Brown, RCA Victor Company, Ltd., 1001 Lenoir Street, Montreal, Quebec.
