DEAR JIMMY.

WE HAVE NOT COME TO EXTENSIVE USE OF
HONEYCOMB CONSTRUCTION, ALTHOUGH WE ARE USING ALUMINUM
HONEYCOMB TO SOME EXTENT ON BOTH THE CF100 AND CF-105
WE DO KNOW HOWEVER THAT BOTH BELL AND CONVAIR-FORT
WORTH HAVE DONE EXTENSIVE WORK ON STEEL STRUCTURES,
FOR INSTANCE, THE CONVAIR B58 HAS A CONSIDERABLE AMOUNT
OF STEEL STRUCTURE.

BEST REGARDS

SINCERELY
