

CELEBRATE CANADA'S AIR HISTORY WITH ONE OF THESE UNIQUE REPRODUCTIONS!

Avro Arrow

Canada's most famous aviation accomplishment was the Avro CF-105 Arrow. First flown in 1958, it was the world's most advanced fighter.

Hand-carved from mahogany and completely hand-painted with only the highest quality metallic paints, makes each model a unique work of art!

Each reproduction in this 25 plane collection is carved to scale, is historically authentic, and comes with a mahogany base and engraved nameplate.

A high quality gift for that special person who would love to have this unique airplane for their office, den, recreation room or favorite reading corner!

Incredible hand-painting assures you of the finest detail that will ensure many years of enjoyment. A unique conversation piece that is certain to become an heirloom!
