

Leavens Bros. Ltd., Toronto, announce the addition to their staff of **Raymond W. Smith** as sales representative. He was formerly general manager of Stewart Aeronautical Supply Co. Ltd., Faygate, Sussex, England, and shortly before coming to Canada was sales manager of Ketay Ltd., subsidiary company of the Plessey Co. Ltd., England, and Norden-Ketay Corp., New York.

Chief Administrative Officer of RCAF Station Centralia, **S/L R. S. Davis**, had command of the Tri-Service guard mounted at Government House during the stay of Queen Elizabeth last month.

**Edward H. Muhleisen** has been appointed manager, aircraft and missile industry, of Fischer and Porter (Canada) Ltd., Toronto. His job will be co-ordination of sales activity in the U.S. and Canada.

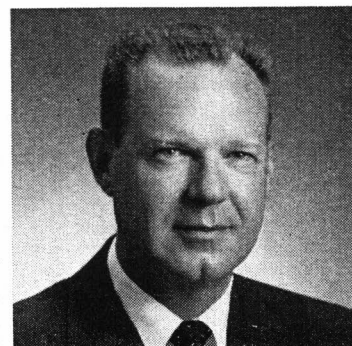

Leaving the Bristol Aeroplane Company's headquarters in England, where he has been public relations officer since 1954, **Peter King** will become general manager of Crop Culture (Aerial) Ltd., and its associated company Britten-Norman Ltd. Latter firm specializes in design and manufacture of agricultural aviation equipment.

Canadair Ltd., Montreal, announces appointment of **George C. Keefer** (above) to the newly created position of director of contract administration, reporting to **Frederick R. Kearns**, vice-president and comptroller. Mr. Keefer has been manager of Canadair's purchasing department since 1951. He is succeeded in that post by **Edmond F. Altimas**, formerly purchasing agent, who in turn is succeeded by **William Woodhouse**, chief buyer, raw material section of purchasing. Mr. Keefer served as a fighter pilot with the RCAF during the last war, attaining the rank of Wing Commander and holding the DSO and bar, DFC and bar among other awards.

\* Orenda Engines Ltd., Malton, Ont., announce the appointment of **F. Harry Keast**, formerly deputy chief engineer, as chief engineer. He will have full technical responsibility for engineering activities of the company. **Dr. Alex Muraszew**, formerly chief experimental engineer, has been named deputy chief engineer, responsible for the development department, experimental shop, and the firm's test establishment at Nobel, Ont. **Burt A. Avery**, formerly chief design engineer, becomes deputy chief engineer.

Election of **John B. Gates** as vice-president of finance is announced by Pan American Airways.

Aro Equipment Corp. announced appointment of **K. H. Zinsmaster** (above) as general manager of Aro Equipment of Canada Ltd., Rexdale, Ont. He has had 22 years' experience with the parent company in Bryan, Ohio, where he relinquishes the position of manager of procurement and planning.
