

Hi Fred,

John & Earl Dubbury were two engineers from Avro Canada who worked on Project Y of the Special Projects Group mentioned in the Bill Zuk book, *Avrocar Canada's Flying Saucer – The Story of Avro Canada's Secret Projects* (Boston Mills Press 2001). The spelling of John Dubbury's name in the Avro Employee List is misspelled Dubry. Also, Earl Dubbury is not listed. Attached is a photo of their names in Zuk's book.

Here is John Dubbury's name with U.S. Patent office:
