	<p><b>Item I:</b> One of the last great secrets of the century, this film describes the occult background of the 3rd Reich and it's secret societies the Templars, Thule, Vril, Black Sun, SS-E4 and Uranus 13. Technology drawn entirely from secret occult knowledge powered the UFOs utilizing anti-gravity. As military secrets with code names of Vril, Haunebu and V-7, these pseudonyms were never rendered accessible to the public by the victorious Allies. The occult secret societies of the 3rd Reich were the world's best ancient oriental scholars of their time. They know the existence of extra-terrestrial technology brought down to earth by gods described in ancient Sumerian: "which came down to Earth from the heavens." This is an exciting documentary film with unbelievable, never before shown scenes, documents and original UFO pictures from the 3rd Reich plus testimony from scientists and CIA personnel.  <b>VHS Video Tape 60 minutes in length Price: \$30.00</b></p>		
	<p><b>Item O: Secrets of WWII Germany Flying Saucers:</b> This film, earlier than the film above, was written by the same individual, Norbert Juergen-Ratthofer.
