MEMORANDUM

1038CN-183-5

2 Sep 58

Ref: Meeting with Avro and AAWS personnel
on 27 Aug re Genie installation.

DADR/RPO (Arrow)

Arrow Weapon System - Genie Installation

- 1 You are requested to ensure that the appropriate USA and USAF agencies have been notified that the RCAF has instructed Avro and RCA to install the latest production version of the Genie rocket in the Arrow 2 aircraft.
- 2 In particular, it is planned to have Avro personnel visit Kirtland and Holloman AFB's, USAF and the Douglas Aircraft Corp Plant at Santa Monica within the next few weeks to gather Genie installation and ejection data.
- 3 In view of the above, your prompt action would be appreciated.
