Liaison Visits to USA - Visit to Oxnard AFB, Oxnard Calif.
14101 F/O Thomas David Hughes
22185 F/O Thomas Harold Kendall

1 The CAS has directed that the Arrow aircraft must possess a Genie capability.

2 You have been requested by our 818-3 dated 6 Oct 58 to submit a proposed itinerary for a visit by AFHQ staff officers to appropriate US bases to discuss the Genie missile and aircraft installation. This visit is planned to provide the officers concerned with necessary information for implementation of the CAS directive. However, it is considered that 1 RqU Detachment personnel should also be utilized to obtain data required to support action by this HQ.

3 Accordingly, you are requested to obtain the necessary clearances and arrange a visit to the 484th Fighter Group at Oxnard AFB, Oxnard California for the following 1 RqU Detachment personnel:

14101 F/O Thomas David Hughes
22185 F/O Thomas Harold Kendall.

4 The purpose of the visit will be to discuss all aspects of the Genie missile, the aircraft installation, the launching system, ground handling equipment, test equipment and the servicing and maintenance procedures in effect. Information on the workload may be concluded since Zed clearances are not now in effect for the officers listed.

5 1 RqU Detachment will be advised of this requirement for information and final details regarding the visit should be arranged with that unit.
