Officer Commanding,  
RCAF Technical Services Detachments,  
AVRO Canada Limited,  
P.O. Box 430, Terminal "A",  
Toronto, Ontario.

Arrow 2 - Installation of the Genie Unguided Rocket

1 This letter refers to para 20 and 24 of the Minutes of the Seventh ad hoc Arrow Development Co-ordinating Committee meeting of 4 Sept 57.

2 The Company is to be requested to submit an engineering proposal to install the Genie unguided rocket suitably modified for supersonic launch in the Arrow 2. This proposal should be submitted to the RCAF by the 1 May 58.

3 The RCAF and CAIDE are conducting a feasibility study on the operational aspects of the weapon system equipped with Genie and especially on the firing tactics to ensure a safe exist from the firing zone after launch. This study is scheduled for completion by 1 Apr 58 and will be extensive enough to allow the RCAF in conjunction with the coordinating contractor to render a decision to proceed with the Genie installation.
