

—NAMES IN THE NEWS

Two new appointments in the Technical Division of Computing Devices of Canada Ltd., have been made necessary by the increased activity of the company. **A. W. Duguid** has been appointed manager of engineering & development, and **R. E. Freeman** is the new manager of manufacturing.

Mr. Duguid is a Rhodes Scholar, with a degree in Honor Physics. He served from 1940 to 1946 in the Royal Canadian Artillery, retiring with the rank of major. Since graduation from Oxford in 1949, he has been with DRB. From 1953 to 1956, he was at CARDE in Quebec where he was guided missile projects officer.

Mr. Freeman is a graduate of Queen's University, with postgraduate work in electronics. After graduation in 1938, he was for two years chief engineer of the Eldorado Uranium Mine. From 1941 to 1951 he worked for the NRC on a variety of projects, including radar, ionosphere research, marine navigation and charting aids, and aircraft blind landing aids. From 1951 until the present time, he was manager of the Special Projects Department of Canadian Arsenals Ltd. He is a member of the Corporation of Professional Engineers of Quebec, a Senior Member of the Institute of Radio Engineers, and a member of the Arctic Institute of North America.

Ray R. Lindsey has been appointed by Technical Enterprises Ltd., Malton, Ont., as manager of its new subsidiary,

Allied Electronics Ltd., Calgary. Ray Lindsey was educated at the University of Cincinnati and brings with him 15 years background in aviation electronics including engineering, sales, servicing and installation experience with Northrop Aircraft, Boeing, Lear and Wilcox.

James Greenfields, one of the few pilots with operational experience on all seven continents, has been appointed Chief Check Pilot of Kenting Aviation Ltd., of Oshawa, Ont.

Robert A. McEwen has been appointed comptroller & secretary of Standard Telephones & Cables Mfg. Co. (Canada) Ltd., Montreal. At the same time, it was announced that **Eric Bace** has been appointed as treasurer & assistant-secretary of the company.

A. F. Soutar, manager of Kenting Aviation Ltd., of Toronto, has joined the board of directors of this worldwide operator. One of Canada's most experienced helicopter pilots, Mr. Soutar has managed the operations at Kenting for almost two years.

R. S. Williams has been appointed as commercial sales manager of Raytheon Canada Ltd.

A graduate of Trinity College, Mr. Williams has had broad experience in the marketing and sales of electronics in Canada, having served as manager of sales in the radio tube division of Rogers Majestic Electronics Ltd., prior to joining the Raytheon firm. His first

duty with Raytheon Canada will be in the organization of a nationwide distributing unit.

T. W. Dowbiggin has been appointed as manager, aircraft sales for Lund Aviation (Canada) Ltd. Tommy Dowbiggin was previously associated for four years with Canadian Aviation Electronics as manager, engineering sales and was active in the aviation sales and engineering products field. He was responsible for introducing Sarah radio rescue equipment to Canadian commercial aviation.

During World War II, Mr. Dowbiggin served overseas with 401 Squadron as a fighter pilot and attained the rank of squadron leader. Later he served as Commanding Officer of 401 Sqdn.

★ Canadian Car & Foundry Co. Ltd., Fort William, has named **W. J. Meder** as plant manager, and **Lloyd B. Walker** as chief engineer. Mr. Meder was formerly general superintendent and Mr. Walker was division engineer.

Michael Spohn has been appointed secretary of the Collins Radio Company of Canada Ltd. Mr. Spohn is a native of Regina, Sask., and graduated from the University of Saskatchewan with B.A. and LL.B. degrees. He has been admitted to the Bar in Saskatchewan, British Columbia and Ontario.

John Holloway Fox, OBE, P.Eng., of Toronto, has been elected president of the 15,000-member Association of Professional Engineers of Ontario. He succeeds **Merritt W. Hotchkin**, P.Eng., Kirkland Lake, Ont., as chief executive of Canada's largest professional society. In business life, Mr. Fox is vice-president in charge of sales for Honeywell Controls Ltd.

Also elected to the executive in the Association's mechanical, aeronautical and industrial engineering branch are: **H. D. Colham**, chief of design services, Orenda Engines Ltd., Malton, Ont., and **L. C. Sentance**, manager, Defence Apparatus Division, Canadian Westinghouse Ltd., Hamilton.

Paul Falconer, DFC, who has been a test pilot with the Bristol Aircraft Company since 1950, has taken up an appointment as test pilot with Canadair Ltd.

With Canadair he will be engaged in test flying the CL-28 MR Britannia.
