Nassau, Bahamas.

Dear Wilf:

This acknowledges your letter of January 29 for which I thank you. We shall carry out your instructions concerning payroll deductions and mailing of cheques.

Your cheque for January 30, 1970 was mailed to you in care of the trust company in Nassau and the next cheque will have a favourable adjustment reflecting cancellation of the bond purchase.

If you hear of any developments in the Bahamas where our industrial gas turbine packages might fit, please let us know. Frankly, I do not know off-hand our representative for the island, but any intelligence which falls your way will be put into proper channels.

With best regards,

Yours sincerely,

Vice-President, Finance,
and Treasurer.
