

power going places

The skill and ingenuity of Orenda's engineering team, the precise workmanship of her production force, are superbly demonstrated in this working cutaway showpiece Orenda 11, as shown at the S.B.A.C. Flying Display and Exhibition, FARNBOROUGH.

Main entrance to the plant where more than 2500 Orendas have been built in little over two and one half years.

In England, in Europe, in Canada, Orenda-powered Sabres and CF-100's of the Royal Canadian Air Force daily demonstrate leadership in their respective fields. Now Orenda Sabre 6's have been chosen for the South African Air Force "after giving consideration to all the best jet fighters now in production"—another tribute to Orenda power.
