Edward Basker Exhibit Opening Event

April 23 | 4-5 p.m. | Main Library

The Library will host a tribute exhibit of watercolor works by the renowned South Bend artist, Edward Basker (1908-1972), beginning April 23.

The exhibit is set to feature close to 50 original watercolor paintings and sketches dating back to as early as the 1940's. This showing will feature selected works from museums, private individuals, public spaces, and the artist's family, all gathered into a public display for any art enthusiast to enjoy.

Works to be displayed include landscapes gathered from both local regions and across the country in Basker's extensive travels. Basker's style remains distinctive more than fifty years later, giving a scene a recognizable presence, yet not directly picturesque, almost giving the viewer a sense of Déjà vu.
