29th January 1986

Dear Principal, Staff and Students,

I write to you all as a British subject resident in Australia. I have had the privilege to meet Neil Armstrong the first Man on the Moon at the Royal Geographical Society meeting in London 1969. I have had the privilege to meet the first men to climb Mt Everest, Sherpa Tensing and Sir Edmund Hillary, and Lord Hunt in 1984.

As a teacher who qualified in Oxford London and Melbourne, travelled the world, my heart is also broken by your wonderful teacher who loved life, her family and her students. I'm not ashamed to say that tears descend, I want you to know that students and teachers, Principals and Parents are at one with God with you.

I have three degrees from major Universities, your wonderful teacher expressed our hopes for knowledge and hope in the future, for peace and the Unity of all Nations in Free Democratic Peace in the World. I have had two serious

accidents and have reached  
that there are other incredible  
forces that help us in our  
most profound moments.  
The love of my students  
teachers and all to British and  
Americans and the people  
of the U.S.A. and Canada. Mrs. Rita
