Dear Mr. McAuliffe and Children:

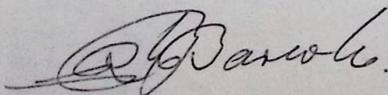

We were deeply touched by the tragedy occurred in your family. Christa was so eager to do something more for students and will always be remembered and admired for her capabilities, stamina and courage.

You must know that across the thousands of miles we followed step by step, through the news and T.V., the selection, training, preparation and take off of the crew; therefore we were also hurt.

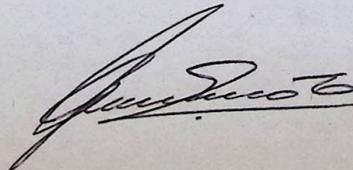

In memory of her and for what she meant to students, teachers and education everywhere; we unanimously agreed to rename our school to the American School Christa McAuliffe, and would like to be the sister school to the Christa McAuliffe Concord High School in New Hampshire. We have mailed a letter to her school requesting this. It would be a great honor for us.

In hopes to help education and grow together we remain sincerely yours,

*P.S. This is a copy of the letter in a stamped envelope we please asked you to mail to Christa's husband. We couldn't get his address nor complete name.*

*Thank you very much*
