Charles F. Foley
Principal,
Concord High School
Concord, New Hampshire, 03301

Dear Mr. Foley,

We were saddened by the tragedy of the Space Shuttle, and particularly by the loss of a great educator, Christa McAuliffe. In response, we have decided to contribute to the memorial fund that was established in her name, for we believe it is important to carry on the work that she began.

Queen's University Faculty of Education has a special tie with Concord High School, in that in past years, co-operative Education students have visited your school and taken part in Tom Herbert's programs. We appreciate these opportunities to meet with fellow educators and hope that the tradition will continue.

Sincerely,

Fraser Scott,
President, Education Student Society
