6 February 1986

Charles Foley, Principal  
Concord, High School  
Concord, New Hampshire

Dear Charles:

We at the American School In London are shocked and grieved by the tragic death of Christa McAuliffe and the other six astronauts.

I guess, as a Concord, N.H. resident and former counselor at Merrimack Valley High School, the reality of what happened hits even closer.

Death tells us that it is not the quantity of our days, or hours, or years that matter, but rather the quality of the time spent. I guess we all need to be reminded of this.

Please accept, on behalf of the American School In London, our condolences.

Sincerely,

Jack Lynch  
Guidance Director
