SHUTTLE MISSION 61-A

This insignia has been chosen by the eight members of the STS 61-A/D1 Spacelab mission as the emblem they will wear on their spacesuits and which will represent the record-sized Space Shuttle crew on the scheduled October 1985 mission. Crewmembers' surnames surround the colorful patch scene depicting Challenger (making her second Spacelab mission) carrying a long science module and an international crew from Europe and the United States. Serving on the crew are Henry W. Hartsfield, Jr., commander; Steven R. Nagel, pilot; Bonnie J. Dunbar, mission specialist; James F. Buchli, mission specialist; Guion S. Bluford, Jr., mission specialist; Ernst Messerschmid, German payload specialist; Reinhard Furrer, German payload specialist; and Wubbo J. Ockels, Dutch payload specialist.
