Dear Concord High,

The students of year 10c would like to send their deepest sympathy on the loss of your teacher Ms McAuliffe. It must have been an exciting moment when Ms McAuliffe was appointed the position to be on the team to go to space. It was a great pleasure to see a woman go to space and more to be a teacher. It was a shocking moment to all the people around the world when the space shuttle Challenger exploded. We hope in the near future somebody else will be able to carry on the good work that these astronauts attempted to do.

Each one of us would like to express our sympathy to you and your students

Yours faithfully
10c Science
