To the Principal and students of Concord school,

Our class, 5/10-H, (Teacher Mrs Harris) have watched the news and read the papers to find out more about the space shuttle accident.

Our class feels very sorry for the family of Mrs Macauliffe and for the teachers and children of your school.

We think that Mrs Macauliffe was very brave to go up in the space shuttle.

We are very sorry for what happened to <sup>her</sup> and the other 6 astronauts with her.

We were very shocked when the space shuttle exploded, and hope that the cause of the accident will be soon solved so NASA can go ahead with their space program for the following years.

Yours sincerely,

Class 5/10-H and Mrs Harris
