Dear Sir,

I am writing to you to express my Commiseration at the tragic event that occurred to the Space Shuttle Challenger and I would personally like to offer my sympathy to both the children & staff at your school.

As an Englishman I honour Christa McAuliffe for her pioneering & adventurous spirit & believe she personifies the American people for her brave attempt to venture into space.

Although this is obviously a painful period to all the people directly involved with Christa I thought it may be useful to let younger people in your Society know that the Ordinary young Englishman Cares & Appreciates what was attempted by this brave Woman; I have, therefore, enclosed an English National newspaper from the day of the disaster, from which your older Students may wish to read.

I intend visiting The United States soon and would very much like to frequent your school as part of my tour as a Student, even if for only a few hours.

Thank you for taking time to read this letter and I wish Christa McAuliffe's family the best for the future.
Yours. Most Sincerely, Gary Farrell.
