Dear Headmaster + Teachers,

I am just writing
to say how sad and grieved I am
to hear of the Challenger accident and
death of your colleague Christa McAuliffe.
She looked a lovely lady, friendly
kind and in sure a great friend to you all.
She was a very brave woman who will
never be forgotten in our minds. Please
give the enclosed letter to your pupils
who also have suffered a great loss.
Keep cheerful and good luck in the
future.

Yours,

Simon. A. Roberts (19)

To the Students of Concord High School.

Dear All,

I am just writing to say
how sad I am after hearing of the
Challenger's accident and the loss of
your teacher and six other crew members.
It must be an awful time for you, I
saw the news film of the explosion and
you all watching, so unbelievable, it
was really terrible, the whole of America,
even most of the world stood still at
that terrible moment.

Anyway, I hope you feel a
little better by the time this reaches

you all. Just remember that Christa
is now part of the history of spaceflight,
she was a brave woman and will
be in our minds always.

Please feel free to write to me
any of you, if you feel like a chat,
try and keep cheerful and good-luck
in the future.

Bye for now,

Yours,

Simon. A. Roberts (19)
