SHUTTLE MISSION 61-B

61-B INSIGNIA — This is the insignia designed by the STS 61-B crewmembers to represent their November, 1985 mission aboard the Space Shuttle Atlantis, depicted here in earth orbit, making only its second spaceflight. The design is surrounded by the surnames of the seven crewmembers. They are Astronauts Brewster Shaw Jr., commander; Bryan D. O'Connor, pilot; Mary L. Cleave, Jerry L. Ross and Sherwood C. Spring, all mission specialists; and Payload Specialists Charles D. Walker, representing McDonnell Douglas, and Rodolfo Neri, representing Morelos of Mexico (note flag).
