Dear Sir,

Before our half-term break, my fifth year remedial group, who were deeply shocked by the tragedy of the Space Shuttle, asked if they could write letters to the pupils of Christa McAuliffe.

I felt that this kind thought may help your young people at such a time. I regret that the project has taken so long - I hope you appreciate the effort involved on the part of this particular group. May I also express my condolences to the staff and pupils of your school for such a tragic loss.

Yours sincerely

Denise S. Schuck

Dear Friends

I am writing to
you to say how sorry I am to
hear about the terrible situation involving
your teacher who was killed aboard
the space shuttle challenger. I am Jayne
Freeman a pupil of John Tyler High School,
Burton under needwood, and I hope nothing
like this happens again in the near
future.

Yours sincerely

Jayne Freeman.

To all the pupils at
Concord High School
Dear friends,

I am writing to inform you how sorry I am to hear about your teacher Christa McAuliffe dying in the space shuttle explosion. The death came as such a shock to me, I was so shocked about the incident that I could not bear to watch it on the television, I hope you have recovered from seeing the space shuttle blow up as it did, please don't let it hold you down as I have had the same thing happened to me as my dad passed away and I have just recovered.

If possible try to forget about the incident, I hope you will please write back to me.

Yours Sincerely
Paul Taft

Dear Friends

I am writing to say that I am very sad to hear what happened to your teacher. I imagine you are very upset about the accident as we understand that she was a very good teacher. I hope you all will get over it and remember the happy times you had with her and not the accident. She had a lot of courage to go up in the space shuttle and I hope that you will have the courage to carry on with your school work.

If you would like to write back to me, I would be very pleased to hear from you and your friend's.

Yours sincerely

Dear Concorde High School

I'm so sorry
that your teacher Krista McAuliffe
died in that tragic way. It's hard to
~~express~~ express the shock we all
feel. The whole world will
remember it especially England.
By learning from this crash let us hope
that nothing like that happens again.

We know that this tragedy
affected you most but we want you
to know how sad we felt. I hope
you all get over it very soon.

Yours Sincerely
Duncan Hudson

To all pupils of
Concord High School

Dear friend's

I wish to express my most deepest condolences to all of you, on the explosion of the space shuttle. I was deeply shocked to see the lives of two women & five men destroyed so dramatically. The families of the men and women have my most deepest sympathy.

I think that your teacher Mrs Christa McAuliffe was very brave to go up in the space shuttle challenger in the first place.

~~When I saw the shuttle explode I was shocked and then when the news reporter said that a parachute was ejected - I thought that there was hope for some survivors. I thought to my self that challenger has made 25 successful flight's to space & back that when they try something new that the shuttle would have to explode~~
I hope that you will write back

yours sincerely
