Dear Sir,

It falls to my lot to teach English to a 10 and 11 year old Remedial group, so the standard of these letters is not very high! (The two Loveridge children are, in fact, gypsies whose attendance is erratic). However, it was the children's wish to write to you and their sentiments come straight from their hearts. We are all thinking of you and praying for you.

Yours sincerely,  
Monica Chapman. (Mrs)

Dear pupils of Concord High School,

We are sorry that you lost your challenger on Monday last week. We are thinking about the teacher you lost in the disaster. Our teacher would not have gone up. We are thinking every day of your Severn astronauts that went up for the 2<sup>nd</sup> time and came down for the last time. All our group are thinking as well. I am 11 years old and I come from Lickhill Middle School. I think that it came as a shock to you and the school, I hope you get over it very fast. We all think Mrs Christina McAuliffe was very brave.

your sincerely,

Matthew Dixon.
