Dear pupils of Concord High

I am sorry to hear about the explosion of the Colombia. We saw pictures on our television and in our newspapers. We are especially sad to hear of the loss of your teacher. She seemed like a special teacher.

I'm at a private school in Durban run by a Seventh-day adventist church. There are children from all faiths here and we have white and dark skinned children.

In our campus we have avocado pear mango and palm trees. Durban is hot and we enjoy the shade. We play baseball, soccer the girls play netball, we also have a pool and trampoline.

I hope you get comfort from this letter

Yours sincerely
Ryan
