

死者の影 罹災当時住友銀行広島支店の玄関石段に誰か腰をかけていたものらしく、其影だけ残され他の部分の花崗岩は強い熱度を受けて表面が変化している（爆心地より280m）

THE DEAD MAN'S SHADOW The granite front door step of the Sumitomo Bank, Hiroshima Branch, has a mark resembling a human shape clearly distinguished from the other part affected by the radiation heat. (280 meters from Explosion Center)

To family and friends, 1/29
