Concord High School

Dear Friends,

I saw you tonight on television following the tragedy to the "Shuttle" and I wanted to write to you.

As a retired teacher from England I have been thrilled to see the joy & excitement of your colleague Christer in her training for

the space flight and I hope that you will remember only her smiling face and the thrilling experiences she had in taking part in the training of the team who were to take another step into the future.

I have followed all the marvellous discoveries in SPACE since they began and appreciate the risks and hard work of the "explorers" and envy them.

Remember Christer's joy and if you are able learn from it. I would like to say this to her family too. God bless you all and be proud of His gifts to her, many loves. (Mrs)
