Dear Charles,

I think I can speak for everyone in Scotland of the shock and horror over the death of your teacher, Christa McAuliffe.

A great many of us followed the Space Shuttle missions and had a great interest in 'Challenger's' last flight.

Our hearts go out to Christa's parents and family and to all the children at Concord High.

I know you are very proud of her,

I remain yours,

Tom Rooney

I see that President Reagan has ordered a week of mourning, we will mourn with you.
