Dear Sir,

May I as the Mayor Of Conwy, and Governor of the local High School, send to you from all our towns residents, the old, the young, and the school children, our profound condolences, and sympathy, to the very tragic loss of all the very brave astronauts, and particulary to Mrs Christa McAuliffe, we share with you your terrible grief, your grief is our grief, your tears are our tears, your President spoke so well when he quoted Sir Francis Drake, and when he finished his speech they have touched the hand of God, it may be of some comfort that there were also so much tears also shed here, it will be some time, and only time will heal this terrible wound.

It is also so much closer to me, because I belong to a 23rd Regiment of the Royal Welch Fusiliers in America, I am their honorary Colonel, this Regiment takes part in the re-enactments of the war of independance, on of the re-enactment areas is Concord, I did attend the 200th aniversary at Yorktown in 1981, as a representitive of my Regiment.

Once again from all at Conwy, Gwynedd Great Britain
our deepest sympathy.

Reg Roberts

S Reg Roberts. Mayor
and constable of the castle.

Note. Would you please send a copy of the letter to the parants of Mrs McAuliffe.
