

Dear Sir,

✓
We share your sorrow for the disaster in the space.
It has been terrible because ~~seven~~ ^{seven} people
lost their life. Our sorrow is very deep. Since now
we wanted to go in a space-ship but now, when
we have seen the Challenger leaving the earth
and the explosion, we don't want to go in there.

We hope you'll become our pen friend and, as
we are two Italian girls we hope to receive a
letter from your boys and girls, above all Christian's
ones.

yours from
