Dear Mr. Foley,

I write to offer you and the students of Concord High School my sincere condolences in the loss of Mrs. S. McDuffie in the terrible tragedy I witnessed on our television here in England.

I had the pleasure of hosting a party of Boy Scouts from Concord over here in England a few years ago all of whom were students at Concord High School.

If Mrs. McDuffie influenced those boys in their attitude to life she certainly made a very good job of it. They were a great credit to the school and the Boy Scout Movement. People like her are jewels in the education system.

Yours sincerely  
D. J. G. Wilson (MR.)
