Dear Mr Foley,

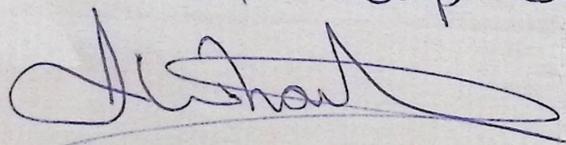

Like millions of my fellow Britons, and like Gillingham of people the world over, I felt immense pain and sorrow at the loss of Christa McAuliffe and her six fellow astronauts.

I know and love your country and feel the sorrow.

yourself, her colleagues, her pupils and more importantly, Steven, Scott and Caroline feel.

I can only offer on behalf of my nation, my deepest and heartfelt sympathies on the loss to the world of Christa and the six heroic members of her team.

In deep sorrow.
