SHUTTLE MISSION 51-B

STS 51-B/SPACELAB 3 INSIGNIA — The Space Shuttle Discovery and its science module payload are featured in the insignia for the STS 51-B/Spacelab 3 mission. The seven stars of the constellation Pegasus surround the orbiting spaceship above the flag draped Earth. Surnames of the seven crewmembers encircle the scene. Crewmembers are Astronauts Robert F. Overmyer, Frederick D. Gregory, Don L. Lind, Norman E. Thagard and William E. Thornton; and Payload Specialists Lodewijk van den Berg and Taylor G. Wang. The artwork was done by Carol Ann Lind.
