England.

Dear Principal.

I felt compelled to write to you, your staff, and the children, to let you know how deeply so many of us feel about the tragic loss of Mrs. McAuliffe.

As a teacher myself, I can well understand the tremendous pride and joy you were all experiencing within the school, as you followed the training programme and eventual commencement of the space flight.

I only hope that pride and personal involvement will still continue. I'm sure Mrs. McAuliffe would want it that way.

2.

Please tell your children that schools all over our country are feeling deeply for them, and that we send our prayers, love, and sympathy. They will always be proud to have known such a very brave lady.

Yours sincerely,
Pat Booth.
