Searching for a Victory...

...and finding success

By Fernesha Hurst

The junior varsity football team started the year with high expectations. With many experienced players, the team hoped to have a winning season.

"This team is held together by friendship," said freshman Jacoby Hinson. "We have our differences but we get through it and that's what makes us a good team."

They played football not only because they were good at it, but because it influenced most of them to work harder in school and reach their goals.

"It helps me to have a better attitude and put more trust

in people" said freshman quarterback Orhian Johnson.

Football was not just a game, but a continuous search for victory. Finding and obtaining that victory was their definition of success.

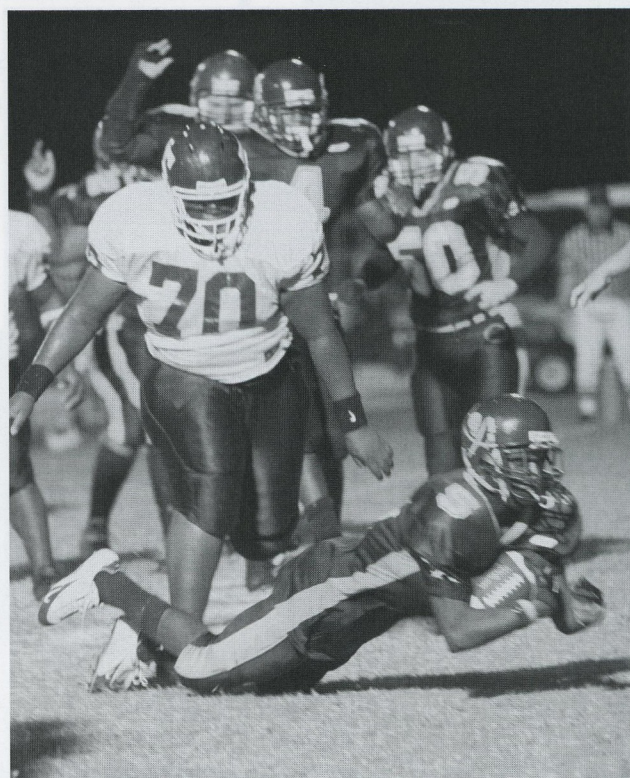

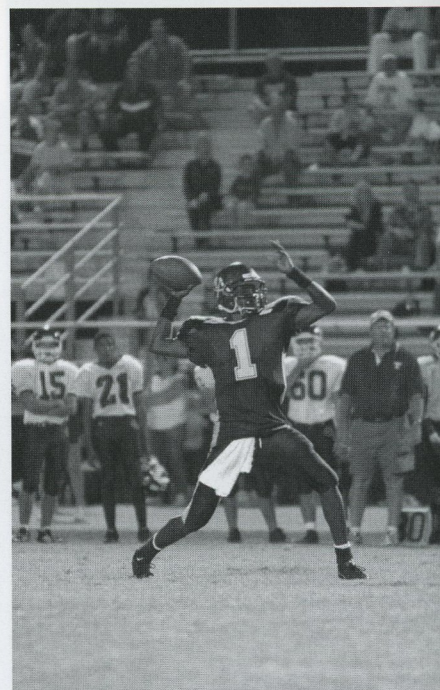

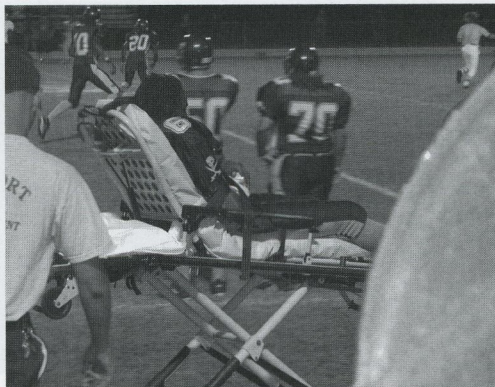

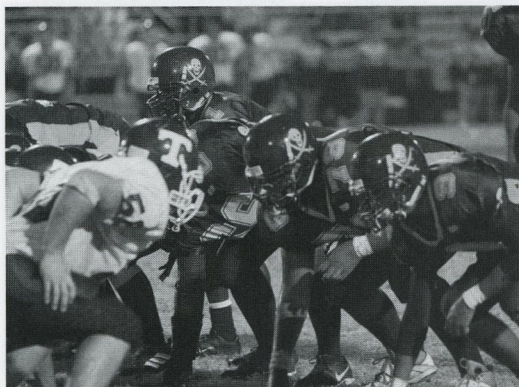

"After a victory I feel great, no one can put me down. Your adrenaline is rushing, you're excited; it's the best feeling in the world," said freshman Robert Gross.

The team finished with a winning record, gaining experience and planning to, without a doubt, come back strong next season.

The Pirate defense held Tarpon Springs, forcing them into overtime, ending this game with another Pirate victory.

"Andre was the heart of our defense. It was my first year playing with him and it was cut short. I'm looking forward to next year's season, though." - #38 Rickie Stephens

Senior Terrell Skinner throws a Hail Mary pass to one of his receivers who was waiting in the end zone. Later the Pirates scored a touchdown.

"We work really hard over the summer. Every touchdown feels like hard work is being paid off - #50 John Homzack"

Season of Success

YOUR Attitude Reflects YOUR Performance by Brittani Reeves

The Varsity Football Team was statistically dubbed the #1 offense and the #1 defense in the county. Not to mention they were the top scoring team.

"I was pretty confident in the team at the beginning of the spring season. The team worked really hard, and they've all become devoted," said head coach Jean Gordon.

Having a well-glued bond helped the players work together to become a Pirate-Powerhouse.

Junior General Mickens stated, "We have been working hard for about eight months now, and we have grown to trust each other."

No one imagined that the team could recover from such a tough previous season, but with such strong support

systems as parents, devoted fans, coaches, and teammates, they were able to overcome.

Senior Lequerio Nesbitt added, "We understand that we can't do everything on our own, so everything is done together, as a family."

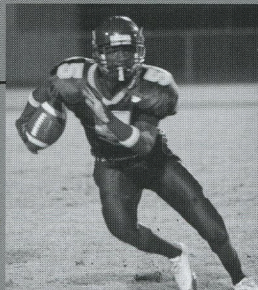

After such a comeback regular season of (7-2), the boys headed to the play-offs. Only one of the fortunate teams to accomplish this in Bogie's history, they arrived making a well heard statement.

Assistant Coach Snyder said, "I couldn't be prouder! Are you kidding me? We've got a Division I prospect sitting right here (pointing to Terrell Skinner). I couldn't be prouder with these boys! I couldn't be prouder!"
