A PLACE AND JOB FOR ALL

Practically speaking, Little League is an adult, volunteer work project constructed, supervised and assisted by parents who desire to make its benefits extend to their children.

The parents of a million Little Leaguers combined with their youngsters, league officials, umpires, managers, coaches, auxiliary members and countless volunteer agencies including sponsors, represent an imposing cross section of this nation.

Each parent should join in the total effort.

There is a place and a job to do for all. The burden of operating the league should not fall on a few. The parent who shirks this responsibility cannot, in turn, expect others to assume the burden.

Importantly, the parent should know and understand what is required of him in order to make Little League possible.

The experience and resourcefulness of parents, if beneficially applied, is bound to lend enrichment to the program.

MOTHER'S AUXILIARY

This group is a most important contributor, both to the finances of the League and to the enjoyment and convenience of our spectators, players, and workers. These are the people who donate their time to operate the refreshment stand!

You can help in two ways:
BY PATRONIZING THE STAND - you will find cold and hot drinks and tasty snacks at reasonable prices.

WORKERS ARE NEEDED - mothers, big sisters, aunts, who can spare one evening or part of a Saturday each week - talk with any of the ladies listed on Page 2.

LITTLE LEAGUE UNIFORMS are loaned to the boys and must be returned at the end of the season. It is each boy's (or his parents) responsibility to have the uniform clean and neat for each game, and to make minor repairs. All six teams have new uniforms this year, please help keep them in good shape!

PITCHING

Pitching is the most strenuous position in baseball. Little League Regulations insure that no boy does enough pitching to endanger his health, and they work to prevent any team from depending upon too few pitchers.

Not more than two - 12 year olds may pitch in a week.

No boy may pitch in more than six innings during a week.

A boy who pitches in less than four innings in a game must have one days rest before again pitching.

A boy who pitches in four or more innings must have three days rest before again pitching.

If a boy is removed from the mound, he may not pitch again in that game. He may continue the game in any other position.

A team may not use more than five pitchers in a game.

The announced starting pitcher must complete pitching to the first batter of the other team.

Minor League Regulations are the same except that 12 year olds may not pitch.

No boy, or his parents, are ever charged any fee for him to take part in Little League. Nor is admission ever charged at any Little League game.

ABOUT SAFETY

It is no accident that Little League Baseball has the finest safety record of any organized sport in the world. It is the result of years of study and research into safe playing practices and improved safety equipment. One of the League's Directors is designated as the Safety Officer. His duties are to be continually on the watch for safety rule violations, and for unsafe equipment, and to remove these conditions before they cause accidents.

Little League has many safety rules - there are three in which parents can be of real help in enforcement:

Catchers must wear supporters with protective cups.

Players must not wear rings, watches, pins, or any other shiny objects during games.

Boys who must wear glasses should have the non-shattering safety glass type.

For the safety and comfort of our spectators, no running, fooling, horseplay, or playing of games will be permitted in the stands, around the refreshment counters, in the parking areas, or in the toilets.

HONORS

During its almost 20 years of operation, many Gulfport men and women have served on the League's Board of Directors. All have given much of themselves to the work of the League.

Because of their exceptionally long and meritorious service, the League has voted the title of Honorary Director to:

ABOUT THE

MINOR LEAGUE

The Minor League is primarily a training program. It is here that most boys get their introduction to real baseball, with teams, rules, umpires. It is here that they, hopefully, learn the principles of fair play, team work, and self reliance.

The Little League field will be devoted to the Minors all day every Saturday. Each of the teams will play a full six inning game each week for nine weeks. The rules will be modified for training, and to insure a more interesting game.

There will be no "walks" or base on balls. Each batter will either hit the ball, or strike out.

Stealing to home on wild pitches will not be permitted.

The Managers may call time as often as they wish to go out on the field for instruction sessions.

Umpires will remove a pitcher who throws too many wild pitches, or otherwise delays the game.

Managers will try to play every boy some in every game.

Besides the Saturday games, each team will hold evening practice sessions frequently.
