INTRODUCTORY

The fourth annual publication of the Alhambra City Directory is herewith presented with the hope that the information will be found complete enough to be of some value to all who may have occasion to refer to it.

The population, by actual count, in November, 1913, was found to be 7057. The last federal census, taken in June, 1910, showed a population for Alhambra of 5021. This is a gain in population of 2036 since the last government enumeration, an addition of about two persons for each day since that time.

This book contains information that has never before been placed in a city directory, and it may or may not be of general interest to our patrons. The names of the automobiles owned by Alhambra citizens will be found in parenthesis following their names.

There were 382 machines, of which 343 are pleasure cars and 39 trucks and delivery cars, in Alhambra when the canvas for the information in this volume was made, being one car for every 18 of the present population. The Fords predominate with 82; the Studebakers being a strong second with 45 gasoline and 4 electric Cadillacs third with 24; Overlands fourth with 22; Buicks next with 19, and others as follows: 17 Maxwells, 9 Duros, 9 Chalmers, 7 Franklins, 7 Stoddard-Daytons, 6 Pope-Hartfords, 6 Mitchells, 5 Reos, 6 Brush, 4 Abbott-Detroit, 4 Gast-Smith, 4 Elmores, 3 Kissel-Kars, 3 Webbs, 3 Jacksons, 3 Morelands, 3 Wintons, 4 Tourists, 3 Stutz, 4 Oldsmobiles, 3 Coles, 3 Oaklands, 3 Stevens-Duryeas, 3 Regals, 3 Stearns. And two each of the following: Chase, Warren-Detroit, Perfex, Dart, Cutting, Humpmobile, Peerless, Locomobile, Hudson, Haynes, American. And one each of the following: Detroiter, Garford, Paige, Federal, Corbin, Cartercar, Michigan, Pope-Waverley electric, Parry, Little Giant, Pullman, Columbia electric, Westcott, Glide, Knox, Marmon, Herschoff, Lexington, Moore roadster and truck, Standard electric, National, Auburn, Schacht, Packard, Marion, Imperial, R. C. H. Pratt, Premier, Borland electric, Ewing, Velie, Dorris, Alco, General.

The following shows the number of names beginning with each letter of the alphabet, the population, and number of machines owned:

	Names.	Population.	Automobiles.
A	140	216	44
B	320	603	27
C	298	589	25
D	169	341	10
E	70	120	9
F	137	266	12
G	167	354	27
H	279	563	26
I	15	29	4
J	98	193	9
K	117	232	15
L	173	359	14
M	331	654	27
N	48	90	4
O	52	91	8
P	162	330	20
Q	7	23	0
R	117	334	15
S	348	687	27
T	116	230	13
U	4	7	2
V	42	93	4
W	302	598	40
Y	23	39	0
Z	9	16	0
	3604	7057	382

The number of individual names is 3423; the other 181 are business firms or corporations or persons who are employed in Alhambra but reside elsewhere.

According to City Statician O. E. Dagley, there are within the corporate limits of the city of Alhambra 58.5 miles of streets, of which 49.6 are improved. Of the improved streets, 32 miles are paved, the remainder being oiled. There are also 65.5 miles of sidewalk and 19.5 miles of ornamental street lights, one-half mile of which is five cluster iron standards; 19 miles being three cluster mounted upon a patented concrete post of attractive design.

Alhambra is justly proud of having more miles of paved streets than any other city of a like population in America; and having more miles of ornamental street lights than any other city, population considered. And of its splendid system of public schools. And that it always has been and always will be a "dry" town. And that it is one of the most delightful home towns on this continent.

JAMES J. CONRAD,
Proprietor Southern California Directory Co.,
Office 329 South Fourth St., Alhambra, Cal.

Patent Attorney

Patents, Copyrights, Trademarks, Labels, Prints secured in all countries. I have conducted my business as Patent Solicitor in Los Angeles since 1882. First under my own name, then under the firm name of Hazard & Townsend, and afterward as Townsend Bros. I have in my office the files of cases covering the practice in this city for thirty years. I furnish my clients with copies of all correspondence had in their cases, except foreign.
