THE
Aquilifer

"THE STANDARD BEARER IN THE WORLD OF BOATS"

The Year's most distinctive boat is fast becoming the year's most imitated boat. A big compliment . . . but a hard job.

For such perfection of design . . . such absolute luxury . . . is so unmistakably *Aquilifer* it defies imitation.

You get this same luxury . . . this same unrivaled beauty . . . in your choice of six engine installations* . . . and a range of six speeds.

Speeds with a difference. For whatever we estimate, you do more than you expect. You get out front—you stay there.

Whether you choose 600 horses of Cadillac Crusader . . . or 125 horses of Dearborn Interceptor . . . when

THE
Aquilifer

"STANDARD BEARER IN THE WORLD OF BOATS"

She is sleek and swift. She is unsaddled in perfection... unequaled in beauty. Two 300 hp Cadillac Crusader engines give her a guaranteed speed of 60 mph. Her fittings... and equipment... are as luxurious as they come. Her ride is as smooth as an ice-cream's sweep. But there are things you should see, and experience. When you do, you'll know why we call her the "Aquilifer"—standard bearer in luxury boating!

Built to order... in limited production. Illustrated brochure upon request.

RD RUNABOUT, the boater's answer to the , has sweeping rear "fenders" and wrap-around windshield. With two 300-horsepower engines going at 60 miles per hour. Deluxe fittings 4-foot craft include a fire-extinguishing sphygmometer, running lights, electric trumpet
