

28. Box: Emma Bray: Items found in hidden drawer of dresser

In February of 2024 Nancy Donald and Cohen Bray Intern Ella Spandorf discovered a 'hidden' drawer in the mirrored dresser in the front bedroom of Cohen Bray House. They were trying to figure out what was keeping the bottom drawer of the dresser from closing all the way so they pulled it out completely and discovered there was another space underneath. There were a variety of items there including colorful mailing wrappers for ChildLife magazine, letters to Emma, family photos, and an empty potato chip bag. It is uncertain who contributed to the drawer's contents over the years. Ella took photos of 127 items and those can be found by searching All Entries for 'Hidden drawer'; by clicking on 'tag' in the upper right of entry; or by using the QR code below.
