They met in the 1920's and remained close friends their entire lives. The descendants also sent a drawing of the Cohen Bray House done by Emelita that was displayed in Esther's house for many years. She had written on the back of the picture so when her family was dealing with her estate they were able to get in contact with us. They also sent a photograph of Esther that should help us identify her in Emelita's photos. It is with Emelita's photo albums.
